

Pathway: _____ Triangles!! _____

This pathway takes about 2-3 hour to complete (depending on the size and attention of your group). The activities are fun and engaging for kids and adults.

Message to Adults and Leaders: The pathway provides you the opportunity to be your child’s hero! You are here to coach, instruct and participate in these activities. If you need a little help, don’t hesitate to ask a staff member. They’ll help unlock the activity and position you to be coach / hero in your child’s eyes.

These activities pull together lots of different skills and showcase how something as simple as a triangle can help build, navigate and play rock and roll! Great for a family or group looking to engage children with different interests around a common theme.

Great for a group of 4 – 8 people.

Scout Book: the code to the right will help parents and leaders find the age appropriate requirements for various badges. By the time a Scout completes the trail, they will have checked off several requirements and earned a % of their way toward Eagle.

On and off the trail: Feel free to jump on or off the trail to follow the interests of your child / Scout.

Important Note to Parents: PLAY! The camp is designed for you too. Your Scout or child's highlight will be participating WITH you.

Often Campers will carry two trails with them at the same time – it's similar to having to BINGO cards – and allows others in the group to explore their own interests while still staying with the group. Don't forget Parents can earn adult training while doing the trails too
